Reference – 30 Day Post General Report (10/14/2010 – 11/22/2010)

Dear Ms Davis,

This letter is in response to your April 21, 2011 correspondence, requesting additional information relating to the 30 Day Post General Report, dated 10/14/2010 to 11/22/2010.

Item #1.

A 10/25/2010 contribution from Martin Granoff, and a 10/21/2010 contribution from Michael Granoff were incorrectly designed to the Primary election, instead of General election. These contributions have been corrected, however, when making these corrections it was discovered that some on-line contributions had not being attributed properly. We have also made changes to those on-line contributions affected, and those corrections are reflected in our amended filings.

Item #2.

Contribution from an organization not a political committee registered with the FEC. We believe that the Democratic Women's Club of Clark County is not required to register with the Commission because it is a local party organization. Unregistered local party organizations may contribute an aggregate of \$1,000.00 to Congressional candidates without triggering a reporting requirement. The campaign sent written communication to the organization indicating that the contribution must be made with funds that are permissible under the Federal Election Campaign Act (as amended) and if not, then the organization must request a refund. The campaign has not been notified that a refund is necessary. The Democratic Women's Club of Clark County assures the campaign that the contribution came from an account containing permissible funds.

Item #3.

Election Cycle-to-Date incorrect values occurred due to duplication of a contributor's name in the system. The campaign has taken steps to merge the records to reflect correct election cycle-to date totals.
